## Objectives: 2011

### 1. Decide whether or not to conduct an event.

AGIC did not hold a conference due to the SWUG conference being held in Arizona.

### 2. Support the SWUG conference.

AGIC members supported the SWUG conference by assisting with registration and session moderation.

### 3. Explore other types of education & training opportunities.

No other education or training opportunities were offered.

## Meeting Dates: 2012

**Arizona State Land Department:**  
**10:00 am - 11:30 am**

**3rd Wednesday  
of the month,  
with the  
exception of  
3/22 and 6/21.**

## Objectives: 2012

### 1. Conduct a multi-day conference.

A multi-day conference will be held in Prescott, during late September or early October.

### 2. Collaborate with other agencies, vendors and professional organizations, as appropriate, to plan and conduct the exposition.

Conduct monthly committee meetings. Have a good cross-section of representation on the committee. Follow the tried and true workflow for conference planning from past years.

### 3. Provide educational workshops, presentations and seminars.

Focus the presentations on tangible training and education. Provide specific topic tracks, e.g. data resources and acquisition, etc. Shoot to have at least one computer lab for hands-on training sessions.

### 4. Integrate AGIC policy issues into the exposition agenda.

Provide at least one session on policy issues within Arizona, e.g. licensure of geospatial professionals, data classification, data sharing, etc.

### 5. Initial planning for the 2013 conference.

Identify potential locations and content for the 2013 conference, based conference attendee surveys.
